

Broadcast Essentials

Looking for a better way to create, target and manage your employee communication? We've combined drag and drop ease with full analytics to create the perfect tool for internal communicators.

Email Blasts

✔ Email Analytics

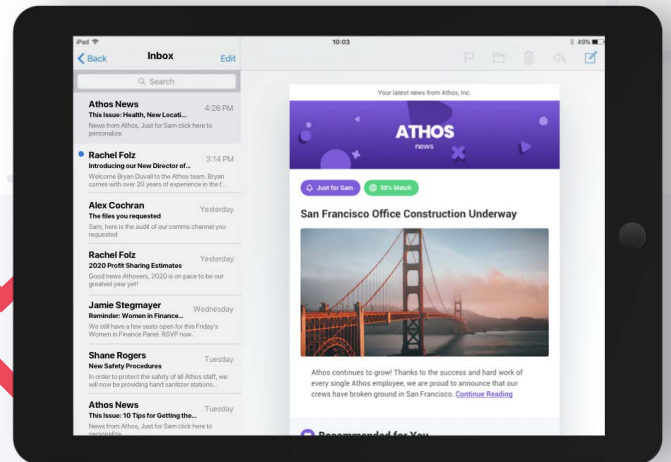

With a click of a button, get real-time open rates, click-thru rates, track links and much more.

✔ Built for Internal Communications

Secure email white-listed for an internal environment. No, employees can't opt-out.

✔ Beautiful, Responsive Templates

With our drag and drop email builder, it's never been easier to send eye-popping branded messages that look consistent on every device.

Audience Manager

✔ Distribution Lists

Integrates easily so you don't have to recreate your audiences.

✔ Dynamic Segments

Boost delivery efficiency with the ability to create rules-based audiences - no more waiting on IT!
